Community Health and Urban Planning:

# Creating a Healthy Community

Learn about the relationship between how we build our cities and neighborhoods, and health issues such as obesity, diabetes and lung disease. This event is part of Plan Santa Barbara, which is examining how the city will grow and develop over the next 20 years.

## Featuring:

- Richard Jackson, MD, MPH, former director of the Centers for Disease Control and Prevention's National Center for Environmental Health.
- Local experts in nutrition, parks and recreation, air quality, and transportation.
- A question and answer period immediately following.

**Saturday, January 19, 2008**

**Victoria Hall Theater**

**33 West Victoria Street**

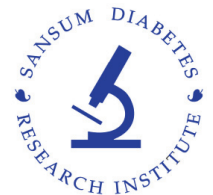

**9:30 am Registration**

**10:00 am – 12:30 pm Program**

Pre-registration starts on Thursday, January 10 at the Schott Center ONLY, thereafter at the Schott or Wake Centers, or on January 19<sup>th</sup> at the door.

Please note that seating is limited to 300 participants.
